The permit application was too big to attach to an email, but I have it saved on the I: drive:
\\C0808F03EC005\Shar3\30 Day Share\Valois\Dewey Burdock Permit Applications\UIC Class III Permit App

It's the file named DB_Class III_PermitApp.pdf

The map is Figure 1.1 on page 20 of the pdf

Valois - do you have the map in another format before having converted it to pdf? It's coming out blurry.

I meant to reply back earlier to say these look great!
Thanks so much for doing them!

Hi Lisa & Wendy,

Just wondering on the flyer if it would be okay to create more visual information rather than all the text. Perhaps we could have a map of where the facility will be located and a few bullets next to it about the permits and public hearings. I think it would also be best if they info was on one page. These flyers can be printed on larger sheets of paper to account for additional graphics and info.

Folks - Wendy Dew prepared this flyer for us ("UIC factsheet") - Natasha said that her contact at OST would print them and put them up around the reservation. Let me know your thoughts!

I've also attached the fact sheet that I formatted a bit...needs a bit more work but we have time for that. It would be used at the public hearings.
